Maxwell Municipals Schools, BEN Number 143293, would like to request a waiver in the Emergency Connectivity Fund, for an out of window filing on ECF\_471 application number: ECF202115674.

It has been determined after the close of the filing window that Maxwell Municipal Schools is needing funding support to provide students with no internet connection with a mobile hotspot option for remote learning.

Please contact me for additional information needed in order to make a determination on the waiver for this application with the Emergency Connectivity Fund.

Thank you for your consideration in this matter.

Respectfully,
